***Examiner's Amendment/Statement***

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Ramya Ananthanarayanan on 5/7/2008.

2. The application has been amended as follows:

In the specification

-- In page 6, line 19, change [JKP file] to - JPM file -.

-- In page 9, line 15, change [document 1] to - reference 1 -.

***Examiner's Statement of Reasons for Allowance***

3. Claims 4, 9, and 14 are canceled by the applicants.

4. Claims 1-3, 5-8, 10-13, and 15-27 (now renumbered as 1-4, 9-12, 17-20, 5, 13, 21, 6-8, 14-16, and 22-24, respectively) are allowed.

The following is an examiner's statement of reasons for allowance. Applicants' argument is persuasive. The prior art fails to teach all the independent claims which specifically comprise the following features in combination with other recited limitations:

-- extracting parameter calculating means for calculating extracting parameters based on the coding parameters and the expanding parameters including a number of particular layout objects to be displayed in an expanded image, said extracting parameters including (i) one or more certain layout objects of the plurality of layout objects that are necessary for providing the expanded image and (ii) for each layout object of the one or more certain layout objects, one or more particular tiles of the plurality of tiles of the layout object that are to be used to provide the expanded image; and

-- wherein the expanding parameters further include *an expanded image size proportional to a resolution of the expanded image and an image display area for each of the particular layout objects*, and

-- wherein the extracting parameter calculating means is configured to further calculate as the extracting parameters a resolution level necessary for expanding an image based on the coding parameters and the expanding parameters.

5. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

***Conclusion***
